First of all:

Most pages have a icon as follows:

You can click it to post a post, comment or edit your personal infomation.

Then:

You can complete Tsinghua student certification in your personal infomation page!

Third:

You should obey the law and speak politely everywhere, or we will have to seal your account. If your post was reported by more than five users, we would hide it and let you know that by send you a system message. If you blocked somebody, you couldn't chat with him/her. You can't see one's personal infomation if he/she has blocked you.
